We will still need 50 business leaders
to volunteer for *CEOs in Schools*
to ensure all elementary schools have a match!

CEOs in Schools is an innovative program that brings CEOs and senior level executives into Hillsborough County public elementary schools for an unforgettable learning experience.

On November 5th business leaders will have the chance to see the challenges and opportunities facing our students, teachers, administrators and public schools every day. CEOs can also share their knowledge with principals (the CEOs of our schools) and our next generation of professionals.

We hope you will join us in this initiative that provides a new perspective on the role school and business relationships play in preparing our future workforce for academic and personal success.
