

**Throughout the year you may consider doing the following things:**

- Challenge yourself in your course selections and grade achievement.  
Take as many AP or Dual Enrollment classes as you can handle. If you take any in the summer, they will go on your transcript in the fall.
- Review your resume to make sure you have included all your recent information. Be sure to include sports inside and outside of school. If you held an officer position in a club, make sure to note that officer position.
- Get involved at school! Run for office, join a club, volunteer, tutor, or be on an athletic team. Strive to show leadership!
- Get involved in your community or your church. Volunteer to help others. College admission officers and scholarship committees look for leadership and commitment to helping others when they review your applications.
- You can review all Bright Futures requirements at <https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN>.
- Be sure to check out other scholarships and grants available to Florida students through the Office of Student Financial Assistance at <https://www.floridastudentfinancialaidsg.org/SAPHome/SAPHome?url=home>.
- Plan to take the ACT and SAT as early as possible, in the spring at the latest. You will want to be able to take it more than once, (you may have fee waivers, check with your guidance counselor) to attain the highest possible scores for Bright Futures, other scholarships, and college applications.
- Explore taking the CLT as a testing alternative to earn scores needed to receive the Bright Futures Scholarship. Learn more at [www.cltexam.com/clt-florida/](http://www.cltexam.com/clt-florida/).
- Access the ACT ([ACT Scoring](#)) and SAT ([SAT Scoring](#)) websites to learn about how tests are scored including composite scoring and superscoring.
- Make a list of colleges that you are interested in attending and go to their websites. Be sure to list these colleges on your ACT and SAT exams. Visit these schools to get a good feel for them.
- Use FREE scholarship search engines like <https://www.fastweb.com> to help you research scholarships and grants.

## SUMMER

- Visit colleges and universities to take tours, if possible.
- Consider whom you will ask for letters of recommendation and give them plenty of time to respond to your request.
- Note the type of essays you need to write and begin working on them.
- Begin filling out your college applications. The Common App (<https://www.commonapp.org/>) allows a student to complete one main application for admission to multiple Florida universities and/or colleges.
- Continue practicing for the SAT/ACT and retake it early in fall. The colleges and universities will take the highest scores from all of your test scores.
- Continue to update your scholarship plan to include additional scholarship opportunities and track scholarships you have applied to.
